

Sculpt A Stretch

Tutored by Martin Staniforth

This session is aimed at anyone, beginners and experienced alike. Clay is a wonderfully playful medium – come and enjoy the process as we observe, build, shape and hollow-out for firing.

We will work from a life model as it's surprising what we see when we look, rather than make up what we think we see!

Explore capturing realism or playing with abstraction. At the end, take away your piece to dry and fire or leave it here to be fired (additional fee).

Thur 23rd – Fri 24th July

10:00 - 16:30 each day

£195 includes all materials, tools, tuition, life model, home-made lunches, refreshments & gorgeous views of nature.
