

Unexpected Landscapes

**Collaging to the horizon,
tutored by Penny Roberts**

Nurture yourself with creative time outdoors,
and in a warm studio, in a beautiful setting.

Immerse yourself in nature, observing and sketching landscapes up to the horizon, before returning to the studio to create your own collaged, layered landscape. Apply washes. Make cuts. Stick. Create sculptural depth.

This workshop will help you experiment and explore materials, ideas and processes. Elements of the day will encourage mindfulness and develop a deeper sense of awareness in nature, promoting emotional well-being.

Penny is an East Devon artist, illustrator and educator who has recently completed an MA in Illustration. She has a degree in Fine Art and has enjoyed a teaching career in secondary education. www.pennyrobertsart.com

The day will be enjoyable and nurturing for all artists, from hobbyists to professionals.

Saturday 2nd May, 10:00 - 16:30

Creative Beings, Awliscombe, Devon, EX14 3PJ
