

Sculpting Bas-Relief Plaques

Tutored by Lucianne Lassalle

Join for an in-depth study of the human form in bas-relief, working from your unique perspective of a life model. Draw into clay and transform from two dimensions into an illusion of three, creating a feeling of volume.

You'll be shown how to mark out a composition and build up the relief with the sight-size technique. Once understood, this method can be used to create a bas-relief image using photos or from life. The final piece(s) can be fired (at your own cost) and displayed on the wall.

The workshop is suitable for all but experience of life-drawing would be an advantage. You will be tutored individually and can work at your own pace.

Tue 7th - Fri 10th Nov 2023, 10:00 - 16:30
Creative Beings, The Old Rectory Studio, EX14 3PJ

£425 (£150 deposit + £275 balance) covers tutor, life model, clay, base board, tools, lunch, refreshments.

Ask about our B&B options.
