

# Life Drawing Course

Spend 5 x ½ days in a relaxed, warm, light studio, exploring mark-making inspired by different life-models (1 each week).

Lightly-tutored sessions where we start with short sketches then move to poses up to an hour. Some poses may be revisited over the 5 weeks so that we can build up over previous marks, should we wish. Beginners welcome.

There will be occasional brief demos and the opportunity to receive friendly feedback, if you'd like. We can all learn from everyone.

A2 drawing boards, paper & easels available. Please bring your own mark-making materials. Includes tea & coffee then light lunch after.

**5 Fridays, 10:00 - 13:00**
