

Sculpting the Yoga Figure

Tutored by Martin Staniforth

This session is aimed at anyone, beginners and experienced alike. Clay is a wonderfully playful medium – come and have some fun as we observe, build, shape and hollow out for firing.

We will work from a life model as it's surprising what a body looks like when we study, rather than make up what we think we see! At the end, take away your piece to dry and fire or leave it here to be fired (additional small fee).

**Thur 9th - Fri 10th Nov,
10:00 - 17:00 each day**

£190 includes all materials, tools, tuition, life model, lunches, refreshments. Optional meditation before Fri session. Contact us for accommodation options.
